

# Chris S.

Accuracy Speaks provided me the opportunity as an inexperienced gun builder the tools, guidance, and instruction to build an amazing rifle that is blast to shoot. The staff (Derrick) was very patient and explained every step of the process, while providing additional knowledge and commentary that is only gained thru experience by a seasoned gunsmith (and shooter).

- Receiver has been rear lugged
- Krieger Barrel chambered for 7.62 X51NM(308WIN)
- Hand guards unitized
- Stock has been glass bedded
- 4.5 LB Trigger Job
- NM/2A Rear Sight and .062 Front Blade
- Claro Walnut Stock
- All metal has been blasted and parkerized
